

ROME MARCH 27-28 2015

VII SIMPAR

COMPLESSO MONUMENTALE **SANTO SPIRITO IN SASSIA**

PRESIDENTS

Massimo Allegrì

University of Parma, Italy

Giorgio Cruccu

University La Sapienza, Rome, Italy

SCIENTIFIC COMMITTEE

Juan Francisco Asenjo	McGill University Health Center, Montreal, Canada
Inna Belfer	University of Pittsburgh, Pittsburgh, USA
Juan Pablo Cata	The University of Texas-MD Anderson Cancer Center, Houston, TX, USA
Josè De Andrès	Valencia School of Medicine-Valencia General University Hospital, Valencia, Spain
Manuela De Gregori	Fondazione IRCCS Policlinico San Matteo, Pavia, Italy
Luda Diatchenko	McGill University Health Center, Montreal, Canada
Christopher Gharibo	Johns Hopkins University, Baltimore, USA
Vijaya Gottumukkala	The University of Texas MD Anderson Cancer Center, Houston, USA
Troels Staehelin Jensen	Aarhus University Hospital, Denmark
Pablo Ingelmo	McGill University Health Center, Montreal, Canada
Patricia Lavand'homme	St Luc Hospital UCL Medical School, Brussels, Belgium
Edward Mariano	Stanford University School of Medicine; VA Palo Alto Health Care System, California, USA
Dragan Primorac	"St. Catharine" Specialty Hospital, Zabok, Croatia
Dino Samartzis	The University of Hong Kong, Queen Mary Hospital

LOCAL SCIENTIFIC COMMITTEE

Marco Baciarello	University of Parma, Italy
Dario Bugada	Azienda Ospedaliero Universitaria Parma
Flaminia Coluzzi	Sapienza University, Rome
Christian Compagnone	Azienda Ospedaliero Universitaria Parma
Andrea Fanelli	Ospedale Sant'Orsola Bologna
Maurizio Marchesini	Azienda Ospedaliero - Universitaria di Parma, Italy
Cristina Minella	Fondazione IRCCS Policlinico San Matteo, Pavia, Italy
Andrea Truini	Università Sapienza di Roma, Dipartimento di Neurologia e Psichiatria

2015 FACULTY

Massimo Allegrì	University of Parma, Italy
Juan Francisco Asenjo	McGill University Health Center, Montreal, Canada
Nadine Attal	Centre d'Evaluation et de Traitement de la Douleur, CHU Ambroise Paré, oulogne-Billancourt, France; Université Versailles-Saint-Quentin, Versailles, France
Steve Aydin	Assistant Professor of Physical Medicine & Rehabilitation, Hofstra North Shore-LIJ School of Medicine Director of Musculoskeletal Medicine at Manhattan Spine and Pain, New York, USA
Marco Baciarello	University of Parma, Parma, Italy
Gabriele Baldini	McGill University Health Center, Montreal, Canada
Ralf Baron	Division of Neurological Pain Research and Therapy Universitaetsklinikum Schleswig - Holstein, Kiel, Germany
Marco Bartocci	Paediatric Anaesthesia & Intensive Care Astrid Lindgrens Children's Hospital Karolinska University Hospital, Stockholm, Sweden
Inna Belfer	University of Pittsburgh, Pittsburgh, USA
Fabrizio Benedetti	University of Turin Medical School, Neuroscience Dept. National Institute of Neuroscience
Carolina Beraldo Meloto	McGill University Health Center, Montreal, Canada
Antonello Bonci	National Institute on Drug Abuse, Baltimore, USA
Didier Bouhassira	Centre d'Evaluation et de Traitement de la Douleur Hôpital Ambroise Paré, Boulogne - Billancourt
Dario Bugada	Azienda Ospedaliero - Universitaria di Parma, Italy
Catherine Bushnell	National Center for complementary and alternative medicine, NIH, Bethesda
Juan Pablo Cata	The University of Texas - MD Anderson Cancer Center, Houston, TX, USA
Flaminia Coluzzi	Sapienza University, Rome
Christian Compagnone	Azienda Ospedaliero - Universitaria di Parma, Italy
Giorgio Cruccu	University La Sapienza, Rome, Italy
Alexandre F. M. Da Silva	Director, Headache & Orofacial Pain Effort (H.O.P.E.)™; Assistant Professor, University of Michigan Ann Arbor Laboratory: The Molecular & Behavioral Neuroscience Institute (MBNI)
Josè De Andrès	Valencia School of Medicine - Valencia General University Hospital, Valencia, Spain
Manuela De Gregori	Fondazione IRCCS Policlinico San Matteo, Pavia, Italy
Saskia De Wildt	Dept. Clinical Chemistry - Erasmus MC Rotterdam
Luda Diatchenko	McGill University Health Center, Montreal, Canada
James C. Eisenach	Wake Forest University
Ben Eli-Yahu	Sagol School of Neuroscience & School of Psychological Sciences, Tel Aviv University
Lorenzo Fabrizi	University College London
Andrea Fanelli	Istituti Ospitalieri di Cremona, Cremona, Italy
Catherine Ferland	Shriners Hospital for Children-Canada, McGill University, Montreal, Canada

Christopher Gharibo	<i>NYU Langone - Hospital for Joint Diseases & Associate Professor of Anesthesiology & Orthopedics</i>
Olga Gornik	<i>University of Zagreb, Zagreb, Croatia</i>
Vijaya Gottumukkala	<i>The University of Texas MD Anderson Cancer Center, Houston, USA</i>
Marc Huntoon	<i>Vanderbilt University Medical Center, Nashville, USA</i>
Troels Staehelin Jensen	<i>Aarhus University Hospital, Denmark</i>
Eija Kalso	<i>Faculty of Medicine, University of Helsinki, Finland</i>
Henrik Kehlet	<i>Copenhagen University, Denmark</i>
Pal Klepstad	<i>Norwegian University of Science and Technology, Trondheim, Norway</i>
Hans G. Kress	<i>Medical University / AKH Vienna, Department of Special Anaesthesia and Pain Therapy</i>
Pablo Ingelmo	<i>McGill University Health Center, Montreal, Canada</i>
Patricia Lavand'homme	<i>St Luc Hospital UCL Medical School, Brussels, Belgium</i>
Bengt Linderöth	<i>Department of Clinical Neuroscience (Functional Neurosurgery) Karolinska Institutet, Stockholm, Sweden</i>
Per-Arne Lönnqvist	<i>Paediatric Anaesthesia & Intensive Care Astrid Lindgrens Children's Hospital Karolinska University Hospital, Stockholm, Sweden</i>
Maurizio Marchesini	<i>Azienda Ospedaliero - Universitaria di Parma, Italy</i>
Edward Mariano	<i>Stanford University School of Medicine-VA Palo Alto Health Care System, California, USA</i>
Stavros G. Memtsoudis	<i>Department of Anesthesiology, Hospital for Special Surgery; Department of Public Health, Division of Biostatistics and Epidemiology, Weill Cornell Medical College, New York, NY</i>
Valeria Mossetti	<i>Paediatric Anaesthesia & Intensive Care Regina Margherita Children's University Hospital, Torino, Italy</i>
Stefano Palmisani	<i>Guy and St. Thomas NHS Foundation Trust, London, UK</i>
Philip Peng	<i>Toronto Western Hospital-University Health Network, University of Toronto, Ontario, Canada</i>
Richard Rauck	<i>Carolinas Pain Institute, Wake Forest University, Winston-Salem, North Carolina, USA</i>
Dino Samartzis	<i>The University of Hong Kong, Queen Mary Hospital</i>
Brian L. Schmidt	<i>Bluestone Center for Clinical Research New York University College of Dentistry</i>
Mark Schumacher	<i>UCSF School of Medicine and medical Center San Francisco, USA</i>
Ennio Tasciotti	<i>The Methodist Hospital Research Institute, Houston, USA</i>
Andrea Truini	<i>Università Sapienza di Roma, Dipartimento di Neurologia e Psichiatria</i>
Jean Pierre Van Buyten	<i>AZ Nikolaas, Sint Niklaas, Belgium</i>
Ron Van Schaik	<i>Dept. Clinical Chemistry - Erasmus MC Rotterdam</i>
Jan Van Zundert	<i>Hospital Oost-Limburg, Genk, Belgium</i>
Robert Wilder	<i>Mayo Clinic, USA</i>

FRIDAY, MARCH 27, 2015 • SALA ACCADEMIA LANCISIANA
ACUTE AND CHRONIC PAIN: WHAT IS NEW?

Painomics Meeting: Ethics And Low Back Pain

Round Table (20' each)

- Pain, Genetics and Clinicals Trials: Point of view of Institutional Review Board **U Bertazzoni**
 - Ethics, Forensics and Pain Management **Dragan Primorac**
 - Painomic and Ethics: which concerns? **Christian Compagnone**
 - Opioid genetics and ethics in chronic pain **M Schatman**
-

16:15

THURSDAY MARCH 26, 2015 • HOTEL COLUMBUS SALA LOGGIA
YAP PROJECT

10:30 Saluti autorità

Presentazione progetto **Guido Fanelli, Massimo Allegrì,**
Thilo Stadler

11:00

11:15

La ricerca in Italia: Ministero della Salute **G Leonardi**

12:00

Nomina giovani ricercatori italiani

Presentazione progetti vincitori

Chairman: **G Leonardi**

13:00

14:00

Break

15:00

La ricerca all'estero fatta da un italiano **Antonello Bonci**

15:30

La ricerca all'estero fatta da un italiano **Ennio Tasciotti**

16:00

Discussione e chiusura lavori **Massimo Allegrì**

THURSDAY, MARCH 26, 2015 • HOTEL COLUMBUS SALA CAMINO
**PHARMACOGENETICS AND PAIN:
A NEW APPROACH TO PAIN THERAPY**

*With an unrestricted grant of **Luminex***

14:00 - 16:30 ~ Symposium Part 1

Chairmen

Massimo Allegri, Ron van Schaik

Ron Van Schaik	Introduction
Luda Diatchenko	Genetics and Pain: Where we are where we have to go
Ron Van Schaik	Pharmacogenetics: which is the current issue
Paul Klepstad	Pharmacogenetics and Pain in cancer pain
Inna Belfer	Pharmacogenetics and Acute Pain
Saskia De Wildt	PGx and pain in children/neonates

16:30 - 17:00 ~ Break

17:00 - 18:30 ~ Symposium Part 2

Clinical cases/clear examples
"How to imply to clinical implementation"

<i>Manuela De Gregori</i>	<i>Clinical cases: from theory to practice</i>
<i>Maya Matic</i>	<i>Clinical cases: from theory to practice</i>
<i>Ron Van Schaik</i>	<i>Final Remarks</i>

18:30 - 19:30 ~ Drinks

FRIDAY, MARCH 27, 2015 • SALA ALESSANDRINA

THE ROLE OF STRESS IN ACUTE PAIN

8:30 Authorities Welcome

Preoperative		Chairmen Andrea Fanelli, Patricia Lavand'homme
9:30	Bench Speech	Glycomic to predict perioperative pain and drug response Olga Gornik
9:50	Translational Speech	Fast-track surgery –where are we and what do we need to do? Henrik Kehlet
10:10	Bedside Speech	Patients preconditioning: techniques to reduce surgical impact and improve rehabilitation from surgical stress Gabriele Baldini
10:30	Discussion	Insights to influence clinical outcomes: Patricia Lavand'homme

11:00 Coffee Break Session AM: How can a short acting local anesthetic impact on the postoperative surgical outcome?
Andrea Fanelli

B | BRAUN
SHARING EXPERTISE

Intraoperative		Chairmen Dario Bugada, Juan Pablo Cata
11:30	Bench Speech	OPRM1 and COMT in clinical pathway. What geneticists teach to clinicians Luda Diatchenko
11:50	Translational Speech	How to prevent patients from surgical stress Gabriele Baldini
12:10	Bedside Speech	Perioperative inflammatory modulation and immunoprotective strategies (PROMPT) in clinical practice Vijaya Gottumukkala
12:30	Discussion	Insights to influence clinical outcomes: Juan Pablo Cata

FRIDAY, MARCH 27, 2015 • SALA ALESSANDRINA

THE ROLE OF STRESS IN ACUTE PAIN

Lunch Session: Novel Stimulation Algorithms and Innovation on SCS - New Technology and New 12-Month Clinical Data

13:00 *Richard Rauck, Roberto Arcioni*

Boston Scientific

Postoperative

Chairmen

Dario Bugada, Vijaya Gottumukkala

14:15	Bench Speech	Continuous block and inflammation: evidence from nanotech and animal studies <i>Ennio Tasciotti</i>
14:35	Translational Speech	New way to administer opioids for postoperative pain: PCA buccal sufentanyl <i>Andrea Fanelli</i>
14:55	Bedside Speech	Continuous nerve block: what is the evidence <i>Edward Mariano</i>
15:25	Discussion	Insights to influence clinical outcomes: <i>Vijaya Gottumukkala</i>

Coffee Break Session PM: Post-operative analgesia protocol with morphine: PCA versus elastomeric pump

15:45 *Silvia Natoli, Bruno De Meo*

smiths medical
bringing technology to life

Long Term Outcome

Chairmen

Andrea Fanelli, Edward Mariano

16:15	Bench Speech	Persistent postmastectomy pain in breast cancer survivors: analysis of genetic, clinical, demographic, and psychosocial factors <i>Inna Belfer</i>
16:35	Translational Speech	Other than analgesia: the neglected factors affecting patients outcome. Evidence from clinical and preclinical studies <i>Juan Pablo Cata</i>
16:55	Bedside Speech	The progression from acute to chronic pain AND actual weapons for prevention <i>Patricia Lavand'homme</i>
17:25	Discussion	Insights to influence clinical outcomes: <i>Edward Mariano</i>

FRIDAY, MARCH 27, 2015 • SALA LANCISI

NEW INSIGHTS IN CHRONIC PAIN

Mechanism Of Chronic Pain And Clinical Features

Chairmen

Andrea Truini, Massimo Allegrì

9:30	Bench Speech	Recovery from painful injury is not complete: peripheral and central mechanisms of priming James C. Eisenach
9:50	Translational Speech	Central Sensitization Troels Staehelin Jensen
10:10	Bedside Speech	Mixed Pain: a new clinical entity Giorgio Cruccu
10:30	Discussion	Insights to influence clinical outcomes: Massimo Allegrì
11:00	Coffee Break Session AM: How can a short acting local anesthetic impact on the postoperative surgical outcome? Andrea Fanelli	

B | BRAUN
SHARING EXPERTISE

Post Stroke Pain

Chairmen

Maurizio Marchesini, Troels Staehelin Jensen

11:30	Bench Speech	The role of questionnaires and QST in the diagnosis and assessment of poststroke neuropathic pain Nadine Attal
11:50	Translational Speech	Chronic pain alters the brain: Can this be reversed by engaging pain-modulatory circuitry? Catherine Bushnell
12:10	Bedside Speech	Treatment of Post Stroke and Central Pain. New insights Troels Staehelin Jensen
12:30	Discussion	Insights to influence clinical outcomes: Troels Staehelin Jensen
13:00	Lunch Session: Novel Stimulation Algorithms and Innovation on SCS - New Technology and New 12-Month Clinical Data Richard Rauck, Roberto Arcioni	

**Boston
Scientific**

FRIDAY, MARCH 27, 2015 • SALA LANCISI

NEW INSIGHTS IN CHRONIC PAIN

CRPS

Chairmen

Andrea Truini, Juan Francisco Asenjo

14:15	Bench Speech	Biphosphonate and CRPS Juan Francisco Asenjo
14:30	Translational Speech	CRPS - latest understanding of the pathophysiology and treatments. What's the difference between CRPS & neuropathic pain? Christopher Gharibo
14:45	Bedside Speech	New treatment modalities Marc Huntoon
15:00	Bedside Speech	Non-invasive stimulation of the brain for neuropathic pain and CRPS Giorgio Cruccu
15:15	Discussion	Insights to influence clinical outcomes: Juan Francisco Asenjo

Coffee Break Session PM: Post-operative analgesia protocol with morphine: PCA versus elastomeric pump

15:45 **Silvia Natoli, Bruno De Meo**

smiths medical
bringing technology to life

Cancer Pain

Chairmen

Flaminia Coluzzi, Juan Francisco Asenjo

16:15	Bench Speech	The Neurobiology of Cancer Pain Brian L. Schmidt
16:30	Translational Speech	Cancer pain: final result of patient-tumour-opioid interactions Pal Klepstad
16:45	Translational Speech	Chemotherapy induce neuropathy. How to prevent and treat it Juan Francisco Asenjo
17:00	Bedside Speech	How should we treat our patients, and which opioid should we use Eija Kalso
17:15	Discussion	Insights to influence clinical outcomes: Juan Francisco Asenjo

FRIDAY, MARCH 27, 2015 • SALA TEATRO SANTO SPIRITO

LOW BACK PAIN

Diagnosis		Chairmen Manuela De Gregori, Dino Samartzis
9:30	Bench Speech	Subgrouping of Low Back Pain Patients for Targeting Treatments: Evidence from Genetic, Psychological and Activity-related Behavioral Approaches Luda Diatchenko
9:45	Translational Speech	3D Model to better understand anatomy and low back pain Josè De Andrès
10:00	Translational Speech	Translational mechanisms / treatments of lower back pain with radiculopathy Mark Schumacher
10:15	Bedside Speech	Neuroimaging Dino Samartzis
10:30	Discussion: Insights to influence clinical outcomes: Dino Samartzis	

11:00	Coffee Break Session AM: How can a short acting local anesthetic impact on the postoperative surgical outcome? Andrea Fanelli	
		B BRAUN SHARING EXPERTISE

Pharmacological Treatment		Chairmen Flaminia Coluzzi, Juan Francisco Asenjo
11:30	Bench Speech	Pharmacogenetic. An indispensable tool to predict treatment response and reduce drug-drug interaction risk Ron Van Schaik
11:50	Translational Speech	Cannabinoids in Pain Management: a double-edged sword Hans G. Kress
12:10	Bedside Speech	Opioids vs NSAIDs: is it a real war, or can we use them both? Christopher Gharibo
12:30	Discussion: Insights to influence clinical outcomes: Juan Francisco Asenjo	

13:00	Lunch Session: Novel Stimulation Algorithms and Innovation on SCS - New Technology and New 12-Month Clinical Data Richard Rauck, Roberto Arcioni	
		Boston Scientific

FRIDAY, MARCH 27, 2015 • SALA TEATRO SANTO SPIRITO

MINI-INTERVENTIONAL SURGERY FOR CHRONIC PAIN

Interventional Pain Management

Chairmen

Cristina Minella, Josè De Andrès

14:15	Bench Speech	Neurophysiology of Stimulation Techinques Bengt Linderöth
14:30	Translational Speech	Functional Imaging of spine for better outcome in neurostimulation Josè De Andrès
14:45	Bedside Speech	How to produce paresthesia in low back to improve outcome Christopher Gharibo
15:00	Bedside Speech	New Modalities of neurostimulation Jean Pierre Van Buyten
15:15	Discussion	Insights to influence clinical outcomes: Josè De Andrès

Coffee Break Session PM: Post-operative analgesia protocol with morphine: PCA versus elastomeric pump

15:45 **Silvia Natoli, Bruno De Meo**

smiths medical
bringing technology to life

Interventional Treatment For Chronic Pain

Chairmen

Marco Baciarello, Christopher Gharibo

16:15	Bench Speech	Radiofrequency or crioablation. A pathophysiological justification Richard Rauck
16:35	Translational Speech	Conventional and kilohertz-frequency spinal cord stimulation produces intensity- and frequency-dependent inhibition of mechanical hypersensitivity in a rat model of neuropathic pain Stefano Palmisani
16:55	Bedside Speech	Evidence of invasive treatments Jan Van Zundert
17:15	Discussion	Insights to influence clinical outcomes: Christopher Gharibo

FRIDAY, MARCH 27, 2015 • SALA ACCADEMIA LANCISIANA

PAIN AND CHILDREN

I Session

9:30	Bench Speech	A new marker of pain in saliva Catherine Ferland
9:45	Bench Speech	Grape juice and anti-asthmatic agents to treat chronic pain Carolina Beraldo Meloto
10:00	Translational Speech	Images of pain and analgesia in children Lorenzo Fabrizi
10:15	Bedside Speech	What you see is what you get: new images for target pain Valeria Mossetti
10:30	Discussion	Insights to influence clinical outcomes: Pablo Ingelmo

Coffee Break Session AM: How can a short acting local anesthetic impact on the postoperative surgical outcome?

11:00 **Andrea Fanelli**

B | BRAUN
SHARING EXPERTISE

II Session

11:30	Bench Speech	Does pain treatment prevent the damage associated to pain in infancy? Marco Bartocci
11:45	Translational Speech	Analgesia without opioids Per-Arne Lönnqvist
12:00	Clinical Speech	Chronic headache in children Robert Wilder
12:15	Clinical Speech	Interventional treatments for chronic pain in children Pablo Ingelmo
12:30	Discussion	Insights to influence clinical outcomes: Valeria Mossetti

Lunch Session: Novel Stimulation Algorithms and Innovation on SCS - New Technology and New 12-Month Clinical Data

13:00 **Richard Rauck, Roberto Arcioni**

**Boston
Scientific**

FRIDAY, MARCH 27, 2015 • SALA ACCADEMIA LANCISIANA
ACUTE AND CHRONIC PAIN: WHAT IS NEW?

**Acute And Chronic
Pain: What Is New?**

Chairmen

Christian Compagnone, Inna Belfer

14:15	Bench Speech	<i>Placebo and nocebo in the treatment of chronic pain</i> Fabrizio Benedetti
14:35	Translational Speech	<i>How to face chronic pain in a multidisciplinary way</i> Alexandre F. M. Da Silva
14:55	Bedside Speech	<i>New Ultrasound Techniques for pain</i> Philip Peng
15:15	Discussion	<i>Insights to influence clinical outcomes: Inna Belfer</i>
15:45	<p>Coffee Break Session PM: Post-operative analgesia protocol with morphine: PCA versus elastomeric pump Silvia Natoli, Bruno De Meo</p> <p>smiths medical bringing technology to life</p>	

FRIDAY, MARCH 27, 2015 • SALA ACCADEMIA LANCISIANA

POSTER SESSION

1	Afshan Gouhar	Chronic pain management: ratio of outpatients visit to interventional pain management (ipm) procedures
2	Allam Hemat	Teaching multidisciplinary modalities for the management of chronic pain: an egyptian experience
3	Allard René	The german dimdi registry- a qualitative overview of pain trials
4	Baş Aslan Ummuhan	Does a wii-based exercise program effect on pain in chronic orthopedic condition of knee?
5	Carolis Giuliano	Effectiveness of high frequency (10khz) spinal cord stimulation for treatment of low back pain
6	Das Basabjit	Percutaneous radiofrequency neurotomy of greater occipital nerve for occipital neuralgia: a retrospective review of outcomes in seventeen cases
7	De Carolis Giuliano	Effectiveness of high frequency (10khz) spinal cord stimulation for treatment of low back pain
8	De Carolis Giuliano	Innovative injectable wireless micro-neurostimulator: a new opportunity for the treatment of chronic pain. The first italian subcutaneous implant
9	Di Stefano Giulia	
10	Frazier, Bsc Terri	Evaluating the impact of medication compliance- prescription caps and wearable activity monitors on pain management outcomes in chronic, musculoskeletal pain
11	Gobbi Fabio	Treatment of athletic pubalgia with pulsed radio frequency (prf)
12	La Cesa Silvia	Comt gene locus: new functional variants
13	Migliavacca Greta	Risk factors for persistent pain in patients underwent total hip replacement
14	Pepe Alessia	
15	Piraccini Emanuele	Pelvic pain: an uncommon sign in lumbar facet joint syndrome
16	Tekindur Sukru	Continuous epidural analgesia with morphine for intractable pain due to pancreatic cancer
17	Franchi Silvia	Human adipose-derived stromal cells and their conditioned medium induce a long lasting pain relief in different models of neuropathy
18	Meloto Carolina	
19	Taylor Robert	Can public policy reduce prescription opioid abuse rates? Interim results from florida
20	Taylor Robert	The evolving demographics of opioid addiction
21	Cappelleri Gianluca	Has regional anaesthesia a role in reducing post-surgical pain in total knee arthroplasty after 6 months?
22	Kalava Arun	Bilateral thoracic paravertebral nerve blocks for placement of percutaneous radiologic gastrostomy in patients with amyotrophic lateral sclerosis
23	Kar Dr. Sandeep Kumar	Effect of indian classical music (ragotherapy) on fentanyl, vecuronium, propofol requirements and cortisol levels in cardiopulmonary bypass
24	Lavand'homme Patricia	Preoperative neuropathic component of osteoarthritis knee pain is associated with higher postsurgical pain after total knee arthroplasty (tka)
25	Lena Enrico	Postoperative pain after laparoscopic versus open colorectal surgery
26	Ozdemirkan Ilker	Ultrasound-guided infraclavicular block and infraclavicular catheter placement before a local flap reconstruction due to traumatic tendon rupture and tissue defect
27	Ozdemirkan Ilker	Ultrasound-guided infraclavicular catheter placement to provide analgesia during physical therapy due to limitation of elbow joint movement after elbow fracture
28	Rebello Elizabeth	The effect of dexmedetomidine on postoperative intravenous opioid and antiemetic administration in patients undergoing thyroidectomy
29	Schiappa Eleonora	
30	Stundner Ottokar	Implementation, planning experience: the hospital for special surgery perioperative research fellowship
31	Tekindur Sukru	The effect of continuous infraclavicular plexus block on patient who underwent upper extremity microsurgical operation
32	Velasquez Jose F	Immunological function in patients undergoing primary malignant bone tumor surgery

SATURDAY, MARCH 28, 2015 • SALA LANCISI

PLENARY SESSION

Breakfast Session

Opioids in chronic pain: USA and European perspectives

- USA concerns about opioids and abuse deterrent formulation to fight against it **Christopher Gharibo**
- European perspectives in opioids in non cancer chronic pain

Josè De Andrès

8:45

Future Insights That Soon Will Change Our Clinical Practice

Chairmen

Massimo Allegri, Dragan Primorac

9:15 Stem cell and pain **Steve Aydin**

9:40 How we can better study addiction and Pain **Antonello Bonci**

9:55 Genetics and Pain: new clinical approaches **Luda Diatchenko**

Discussion

10:20 Insights to influence clinical outcomes: **Massimo Allegri**

Coffee Break Session AM: Effectiveness of ialuronic acid
in sacroiliac joint pain **Maurizio Marchesini**

11:00

Anesthesia Can Change Patient's Outcome

Chairmen

Edward Mariano, William Urmey

11:30 RA in orthopedic surgery - large scale studies to figure out the effect of RA
on patients' outcome **Stavros G. Memtsoudis**

11:55 Stratification of surgical patient according to inflammatory status
Patricia Lavand'homme

12:20 ERAS - Actual recommendations and future efforts **Henrik Kehlet**

Discussion

12:45 Insights to influence clinical outcomes: **Edward Mariano**

Lunch Session: Central inflammation and hyperalgesia: role of COX2
inhibition in preventing central sensitization

13:00 **Dario Bugada**

ALFA WASSERMANN

SATURDAY, MARCH 28, 2015 • SALA LANCISI
PLENARY SESSION

Chronic Pain: From Symptom To Mechanism Based Treatment

Chairmen

Giorgio Cruccu, Troels Staehelin Jensen

14:15 Sensory Profiles Theory ***Ralf Baron***

14:40 Diagnostic tools to refine the clinical information ***Andrea Truini***

Demonstration of theory by the analysis of pharmacological trials

15:05 ***Didier Bouhassira***

Discussion

15:30 Insights to influence clinical outcomes: ***Giorgio Cruccu***

Winner Of Young Researcher Poster

Pain and basic science: COMT gene locus: new functional variants ***Caroline Meloto***

GENERAL INFORMATION REGISTRATION

Complesso Monumentale Santo Spirito in Sassia

Via Borgo S. Spirito, 1 - 00193 Rome Italy

Registration fee Before November 30th

MEDICAL DOCTOR € 363,00

Lower Middle Income Countries € 254,00
(<http://data.worldbank.org/income-level/LMC>)

Low Income Countries € 182,00
(<http://data.worldbank.org/income-level/LIC>)

NURSE € 220,00

RESIDENT € 100,00

Registration fee After November 30th

MEDICAL DOCTOR € 470,00

Lower Middle Income Countries € 329,00
(<http://data.worldbank.org/income-level/LMC>)

Low Income Countries € 235,00
(<http://data.worldbank.org/income-level/LIC>)

NURSE € 250,00

RESIDENT € 121,00

Rates are VAT included.

Registration fee includes Scientific program, Proceedings, Welcome cocktail, Congress Bags, Coffee Breaks and Lunches.

Registration online: **www.simpar.eu**

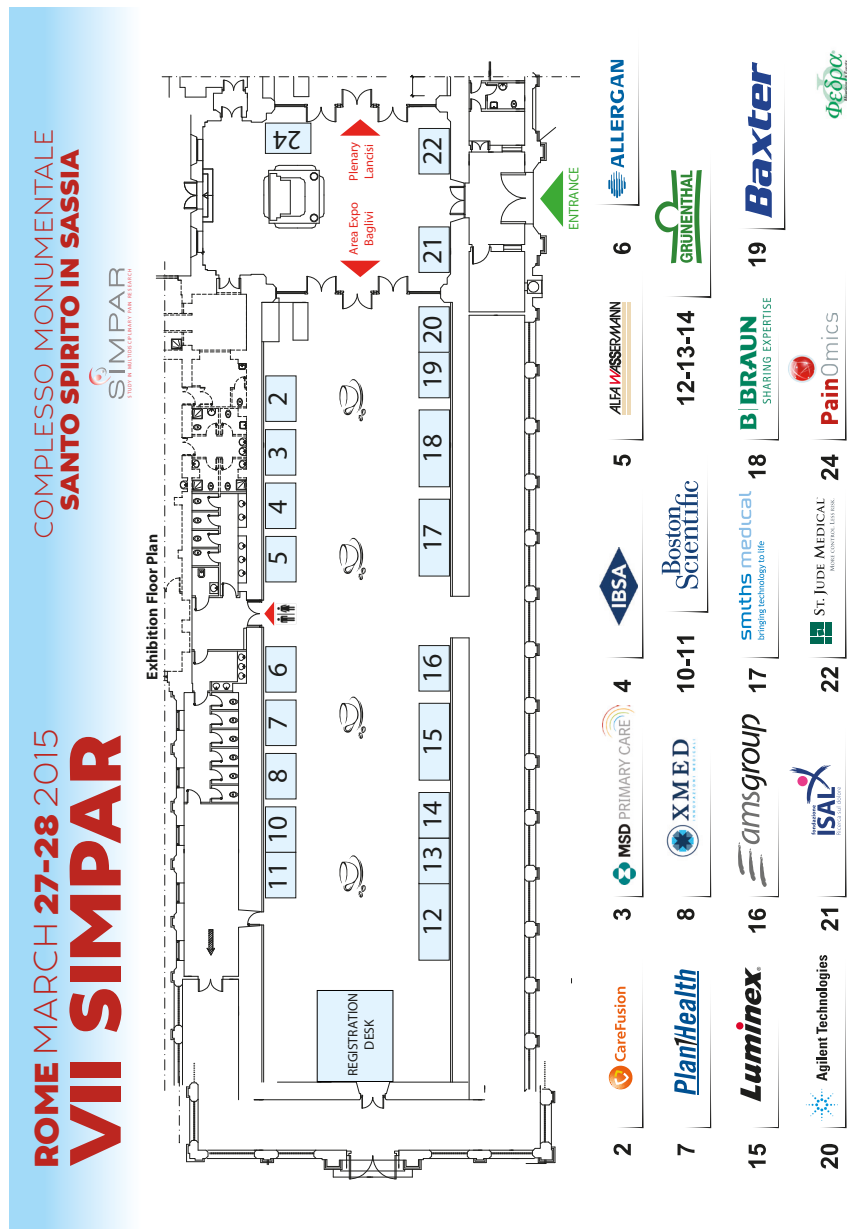

Cancellation Policy Fees for registration will be refunded in full if written notice cancellation is received by **February 1st, 2015**.

No refund will be given for cancellation received **after February 1st, 2015** or if you register but fail to attend.

Please send your written cancellation request to:
